

State Corn Fields Responding Well To Ideal Weather

York Hits A Bumper Oats Yield

(By the Associated Press)
Warm days and nights are turning gloom to smiles among Nebraska farmers.
While the weather damage cannot be minimized, current weather leaves little to be asked. In Madison county retarded fields of corn are nearly on normal schedule.
Some of the earliest planted corn is tasseling.
Stanton County Agent Joe Estandig said he noticed a few corn borers at work but he did not expect the damage to be too great unless the weather should turn bad again.

Good Rye Fields
Estandig said Stanton county has "a very good oats crop. And the second cutting of alfalfa is excellent. Rye fields in Madison and other counties here reported good and the brome crop also is excellent."

In Knox county the small grain harvest is in full swing under ideal weather conditions.
Corn is tasseling although it is short of the "knee high" stage at the traditional Fourth of July date.

In York county, a bumper oats crop is being harvested.
Oats thrived on May and June moisture while wheat was taking a beating.

County Agent Alvah Hecht described the York county oats crop as the best in years. He said the average yield will be between 35 and 40 bushels with some fields running as high as 92 bushels per acre.

One farmer, Elmer Bruggeman, had planted his oats on a former feed lot. The harvest was so heavy that Bruggeman had to slow down the machinery to keep the oats from overflowing.

Wahoo Youth Dies Of Crash Injuries

WAHOO, Neb.—(AP)—Ralph Watson, 18, of Wahoo, died at a hospital here Monday of injuries received Friday night when the car he was driving struck a concrete railing on a bridge one fourth mile north of Colon, Neb., which is five miles north of Wahoo.

Three other Wahoo youths were injured but only one of them, Richard Croghan, 14, of Wahoo, remained hospitalized. His condition was reported improving.

Croghan's brother, Bernard Croghan, 19, of Wahoo, was released from the hospital Sunday. The fourth youth, Jerome Maynard, 20, was in the hospital only briefly.

Watson's death boosted Nebraska's 1951 traffic fatality total to 155.

The youth is survived by his father, Floyd Watson, St. Joseph, Mo.; his mother, Mrs. Anna Watson, Lincoln; a sister, Mrs. George Reed, Fremont, and two brothers, James of Wahoo and Richard of St. Joseph.

The state's 154th fatality of the year was Charles A. Delfs, 67, Omaha, killed in an auto crash at the outskirts of Omaha.
Delfs was flung from his car and pinned between it and the shoulder of the street after the crash of his car, in which he was alone, and one driven by Mrs. Fern Beresh, 37, of Omaha.

Downy Mildew Bothering Nebraska's Grape Crop

A disease on specimens of grape plants sent to the University of Nebraska plant pathology department for identification has been diagnosed as downy mildew.
Extension Plant Pathologist John L. Wehling said mildew can be controlled by spraying with a copper fungicide such as a Bordeaux mixture.

NEW ULYSSES CHURCH—Mons. Maurice F. Downey stands proudly on the steps of the new \$130,000 Immaculate Conception Catholic church in Ulysses, Neb. The ten brick structure is trimmed with sandstone and its design combines modern simplicity with traditional church structure. The new church replaces one which burned in January, 1949. Funds for its construction were raised by popular subscription within the 140-family parish. Monsignor Downey has served this parish more than 15 years. (Star Staff Photo.)

Rain Increase Program Will Be 'Hot' Topic

LARAMIE, Wyo.—At least a dozen Nebraskans are scheduled to attend the regular meeting of the Great Plains Agricultural Council here August 2-4.

W. H. Brokaw, council secretary stationed at the University of Nebraska, said one of the hottest subjects up for discussion by the group will be on "Problems and Benefits Arising From Rain Increasing Programs."

Participating in the discussion will be farmers and scientists from some of the 10 states represented in the council. M. A. Bell of the Montana State college experiment station will moderate the panel.

Wilkie Collins of the regional soil conservation services at Lincoln, chairman of the diverted acres and land adjustment committee, will give a report and recommendations on the subject.

Dr. W. V. Lambert, dean of the University of Nebraska's college of agriculture, will open the session. He also is chairman of the forestry committee and will present a report.

Dr. Ephraim Hixson, University entomologist, will moderate a panel which will discuss new developments in the control of injurious insects.

Otto Liebers, Lincoln dairy farmer, will talk on local responsibility and organization of watershed developments and programs.

Harry Steele of the bureau of agricultural economics at Lincoln will discuss economic problems of local organizations for watershed programs.

John Muehlbeier, also the BAE in Lincoln, will head of a discussion on local problems in connection with large reservoirs. Participants will include Agricultural Economist Norris J. Anderson of the University of Nebraska.

Bellevue Volunteers To Aid Kansas Town

BELLEVUE, Neb.—(AP)—Fifty volunteer "mucketeers" will leave Bellevue Thursday for the Kansas flood area to help clean up after the disaster.

John Gebbie, jr., editor and co-publisher of The Bellevue Press, said the volunteers "plan to muck out eight to 12 houses in Valencita," a small town about 18 miles from Topeka. "Some of them have five feet of muck in them," he said. They also will work in the Silver lake area.

Col. John H. De Russy, Offutt air force base commander, has promised to help provide heavy equipment for the job.

Farmer At Stromsburg Is Seriously Burned

STROMSBURG, Neb.—(AP)—Carroll Noyd, 22, was seriously burned in a farm accident.

He was harrowing with a tractor in a field on the Walter Watt farm when the gas cap became loose and splashed oil gasoline. As Noyd was tightening the cap, there was an explosion. Noyd rolled in the dirt to extinguish the flames which enveloped his body.

Noyd was taken to an Omaha hospital for treatment.

Drowning Victim's Rites Wednesday

CRETE, Neb.—(Lincoln Star Special)—Funeral services for William E. Schroeder, 53, of Dorchester, will be held Wednesday at 2 p.m. at the Dorchester Methodist church.

Schroeder drowned Sunday afternoon at 2:30 in the Blue river about four miles north of Crete. Schroeder, a World War I veteran, was a member for five years of the Dorchester fire department.

Survivors include Schroeder's wife, Tressie; one daughter, Mrs. Lorena McCullough, Friend; a son, Dwaine, of Dorchester, and three granddaughters.

Cab Driver Involved In Spectacular Crash Fined

OMAHA — (AP) — Municipal Judge Frank Nimtz Monday placed a \$50 fine on a taxi driver involved in an accident and suspended his driver's license for 30 days.

The driver was Fred W. Curtis, 37, whose cab was involved in a spectacular crash and fire accident on the Ak-Sar-Ben bridge July 18.

Stock Growers Making Appeal To Ballot Box

No Court Action On Cattle Assessment

ALLIANCE, Neb.—(AP)—The Nebraska Stock Growers association has decided on an appeal "to the ballot box instead of courts" from a recent ruling of the state board of equalization on cattle assessments.

J. H. Vinton of Gordon, president of the association, said a special tax committee will be named to study Nebraska's "whole archaic system of taxing personal property" and "hopes to have a complete program developed before the 1952 election."

Vinton's statement followed the ruling of the state board of equalization ordering cattle assessments in 22 northwestern counties raised to the level in the other 71 counties of the state.

'Outraged' By Decision

In an order July 23 the board declared that assessors abstracts from the 22 counties reflected an average valuation of approximately \$20 per head less than the average assessed valuation per head in the 71 counties.

Vinton declared the 2,800 members of the stockgrowers association "are outraged by the discrimination against cattlemen which results from the board's decision hiking cattlemen's taxes as much as 88 per cent."

However, he said, an appeal to the courts from this ruling "will delay 1951 tax assessments for many months and thousands of towns, cities, counties and schools of the state would be hurt by the appeal. Therefore, the cattlemen in the public interest and rather than to cause such hardships, will seek their remedy elsewhere."

SOMETHING TO BE TAKEN FOR GRANTED

Today America uses over 43 million telephones, and the number is constantly increasing. People rely on telephone service automatically, without thinking about it. That's just the way we like it to be. We are working constantly to reach even higher levels of efficiency in service—and to continue expansion just as fast as conditions permit. Good telephone service is something to be taken for granted. We aim to keep it that way.

And by the way, here's a tip on long distance service. Your calls will go through about twice as fast when you CALL BY NUMBER.

Local Labor Union Backs Public Housing For City

Carpenters Ask For 700 Low Cost Rentals

The city council Monday was presented with another plea for public housing.

By letter, members of Carpenters Local Union No. 1055 of the United Brotherhood of Carpenters and Joiners of America urged the council to approve construction of 700 low cost rental housing units as proposed by the Housing Authority.

The letter also referred to the recent Authority survey which showed about 600 dilapidated living quarters in the city. It was further stated that "we as people of the building and construction industry are in a position to know that the bulk of the low cost housing under construction at this time is for sale rather than for rent and that many, many families are not in a position to purchase homes but must rent."

And the standard of wages in Lincoln, said the letter, does not warrant payment of high rents.

No Action
In another letter from Kathryn S. Giffin, 941 Claremont the council was asked "to give the little fellow a break" and approve public housing. She added that since she was a home owner herself she had nothing personal to gain.

The council took no action Monday in regard to housing. Two plans for 600 low rental units are before the council from the Housing Authority but both have merely been presented and filed.

The council was advised by Max Swan, Huskerville housing chairman, that as soon as possible the Housing Authority would take the council on a tour of houses said to be dilapidated in the authority's recent survey. Mayor Victor E. Anderson has expressed some doubt as to actual dilapidation of the 600 units so classed.

Anderson Monday reapportioned Mrs. Robert G. Simmons to a five year term as a commissioner of the Authority.

Council Awaits Barton For Traffic Discussion

Planned discussion of the Barton traffic report for the city was delayed Monday until George Barton, consulting traffic engineer from Chicago, comes to Lincoln next Monday.

The council has scheduled a luncheon meeting at the University club to go over the report with Barton. Directors and interested civic bodies, including the traffic commission, will be represented at the luncheon.

HE'S IN THE ARMY NOW—Gov. Val Peterson, resplendent in a new uniform and wearing the eagle insignia of a colonel for the first time, left Monday morning for Offutt Field where he will have two weeks training as a reserve officer in the air force. Mrs. Belle Kresl, long time housekeeper at the mansion, started him off fortified with several cups of coffee. (Star Photo.)

Governor Assigned As Deputy to Gen. Tibbetts

OMAHA (AP)—Gov. Val Peterson reported for a two-week tour of active duty as a colonel in the air force reserve.

Lt. Gen. Curtis E. LeMay, commanding general of the Strategic Air Command assigned him to duty as deputy to Brig. Gen. Kingston Tibbetts, SAC director of material.

During the latter part of World War II Governor Peterson was chief of plans and operations for the northern air service area command in India and Burma.

"It feels mighty good to be back in an air force uniform," the governor said. "During World War II I learned certain military skills the hard way. In these troublesome times I feel it is my duty to report for training whenever I can in order that in an emergency I will be ready to render the best possible service."

Rites Here Tuesday For Mrs. Collins

Funeral services for Mrs. Minnie Ellen Collins, 85, who died in Omaha, will be 1 p. m. Tuesday at Wyuka cemetery. Rev. David Gracey will officiate.

Services will also be held at St. Barnabas church in Omaha at 10 a. m. Tuesday with Rev. Max Roberts officiating.

Mrs. Collins had lived in Lincoln until four years ago when she moved to Omaha. She was the widow of Frederick G. Collins who was associated with the University of Nebraska museum.

Surviving are a son, Oliver C. Lincoln; a daughter, Mrs. Paul Good, Omaha; seven grandchildren and two great-grandchildren.

Hoyt Makes Lt. Governor Race Official

... Silent On Platform

Speaker of the legislature, Ed Hoyt of McCook, in a telephone conversation with The Star Monday said that his candidacy for lieutenant governor is now "official."

He has paid his filing fee for the nomination on the republican ticket. Past speculations on his plans were "prematuring," he laughed. With his filing fee paid, he said, the race has started.

He said he will complete the filing with the secretary of state immediately.

Senator Hoyt has served the 33rd district since 1945 and was speaker during the last session. From his legislative experience, Sen. Hoyt said, "I believe the office of lieutenant governor is important." He issued no further immediate statement regarding his plans.

Hoyt, 51, was born in McCook, where he received his early education. He is a University of Nebraska graduate, where he was captain of the wrestling team and western intercollegiate heavy-champion.

After graduation, he coached athletics and taught in the McCook high school for two years and then engaged in the retail hardware business for 18 years. He is now interested in farming and ranching. For 18 years he served on the McCook school board.

Hoyt is the first man to announce his candidacy for the office now held by Charles Warner of Waverly, who is expected to announce his plans within the next two weeks.

Sen. Hoyt is married to the former Helen Edgecombe of Geneva and has a son and daughter.

Warner, who has been lieutenant governor since 1949, is "sitting" at the governor's office this week and next while Gov. Val Peterson is absent on a tour of duty as a colonel in the air force reserve.

Lumber and naval stores are produced in great quantities in Nebraska.

Schutte Estate \$47,168

An appraisal of the estate of William Schutte, who died Dec. 9, 1950, was filed in County court. It listed \$17,225 in cash and a checking account, \$6,000 in government bonds, and \$23,899.98 in stocks, the bulk being in Union Pacific common stock and American Business Shares, Inc. The estate totalled \$47,168.56.

Rate Hearing Set

Hearing on the application of the Northwestern Bell Telephone Company, Omaha, for a revision of rates on its lines in Nebraska has been set for hearing Sept. 25, the state railway commission announced Monday.

At the same time they allowed an emergency revision in the rates at Farwell to be effective Aug. 1.
